

Fingal Beach Surf Club

2020/20201 COVID UPDATE

For our club to operate smoothly this year we will require approximately 10-15 volunteers to carry out the role of COVID Marshall. COVID Marshalls will need to oversee the sign-in process for Nippers and other events throughout the season and will also need to make sure that members are adhering to social distancing rules etc.

Our volunteers need to be members who are not currently fulfilling another officer or executive role, and we are asking for 10-15 people so that the job can be shared around each week to reduce the amount of hours/times you need to be available.

Training will be provided. Please email Steve Westcott our nominated COVID Officer at training@fingalbeachslsc.com to register your interest for this.
